

## FOR SALE

1966 Unimog 404 Camper, needs canvas top for cab, \$12,000.

My dad had this 1966 Mercedes-Benz Unimog shipped over from Germany like 15 years ago, it was my dad's pride and joy. Meaning he loved giving us rides in this beast, going straight up hills and driving over little trees, but mostly just scaring the crap out of us! Sadly, my dad passed away and we need to sell his Unimog. It does need a canvas top for the cab. We live in Morongo Valley which is in Southern California.
